## DermaCenter Medical Spa Offers Latest in Laser Skin Care Services

*DermaCenter Medical Spa located in Philadelphia Offers Women Advanced, Non-Invasive Skin Care Procedures Including Cellulite Reduction, Skin Tightening and Resurfacing, Laser Hair Removal and Products*

Philadelphia, PA ([BizHWY](#)) November 11, 2009 - Doctor Leslie Saltzman, Board Certified Internist and Medical Director of the Rittenhouse Women's Wellness Center (RWWC), has announced the opening of DermaCenter Medical Spa. Housed on the second floor of the RWWC-located near Rittenhouse Square in Philadelphia-DermaCenter is a one-of-a-kind, tranquil facility.

DermaCenter offers clients safe and advanced, non-invasive skin care procedures and physician-only products to help bring out a more youthful you. What sets DermaCenter apart from other medical spas is that its sole focus is completely on women and their specific needs. Skin Care by DermaCenter is committed to the highest level of customer service, and wants its clients to be informed of their options. This commitment is the reason that customers are asked to schedule free consultations before the purchase of any service.

DermaCenter offers a wide variety of procedures that can help counteract factors that, over time, can damage a woman's skin, such as sun exposure, hormonal changes and diet.

Services include cellulite reduction and body contouring with Velashape, Botox, Dysport, Juvederm, laser hair removal, skin tightening, photo facials, microdermabrasions, chemical peels, spider vein removal, wrinkle reduction and scar reduction using eMatrix and physician-only products.

The mission of DermaCenter is to offer a woman skin care options at every level in her life without the stress and downtime of going under the knife, all in a serene environment at the capable hands of our experts.

DermaCenter is located at 1632 Pine Street, Philadelphia PA 19103. For additional information, visit [www.dermacenter.com](http://www.dermacenter.com) or call 215-735-7990.
