

Gmed Services Expands Medical Waste Services to Alabama

Medical Facilities in Alabama have a good choice for medical waste services. Gmed Services offers low cost medical waste services without any add on sur-charges.

Nashville, TN ([BizHWY](http://www.bizhwy.com)) August 4, 2009 - Gmed Services announced, they are servicing medical facilities in Alabama for medical waste. Gary Gilliam, President, stated "his company is starting to cover the whole state of Alabama for medical waste services."

Mr. Gilliam has 20 years experience in this field.

He stated, "when the competition goes away, the price goes up and the service goes down.

Gmed Services is offering this service to curb the rising costs of this service. Gmed Services presently provides medical waste related services to medical facilities in Tennessee, Kentucky and Mississippi.
