

Sensibill Welcomes Director of IS to the Team

Sensibill, a full service medical billing management company welcomes Director of Information Systems, Cory Freeman.

Fort Worth, TX ([BizHWY](http://www.bizhwy.com)) February 24, 2011 - **Sensibill**, a full service billing and accounts receivable management company, is proud to announce a new member to the team. Cory Freeman is our new Director of Information Systems. She has a Bachelors of Science in Management Information Systems from Florida State University.

Freeman's skill set will enhance the dynamic of the Sensibill team as she has previous experience in the same role she has accepted at Sensibill.

Sensibill President, Barbara Graham says, "I am eager to welcome Cory to our team. She will change us for the better."

Freeman's duties will include integrating new clients into Sensibill, maintaining relationships with existing clients, implement new technological solutions to ensure Sensibill maintains the gold standard our clients come to know and expect.

A few background highlights include: BS in MIS from FSU, Microsoft SQL Server Certified, extensive programming knowledge and several years of experience in IT including management of large IT infrastructures.
