

Simple Service Consulting is now providing payroll services!

Simple Service Consulting, a management accounting and consulting company, is now offering payroll services to small and medium sized businesses.

Salt Lake City, UT ([BizHWY](http://www.bizhwy.com)) April 18, 2011 - Simple Service Consulting(<http://www.simpleserviceconsulting.com>) has been providing accounting, bookkeeping, and business consulting services to local Utah businesses since 2006. The company has worked with numerous companies both large and small to develop and in some cases repair accounting systems.

Simple Service Consulting, LLC is a locally owned Utah company. The company has been managed by **Shane Rodgers, MBA**. Mr. Rodgers brings 15 years of business success and experience. He holds a Master of Business Administration degree with a focus on Accounting. In addition to accounting and bookkeeping services the company has provided countless business plans and business consulting services through its site <http://www.solutionbusinessplans.com>.

The company, after assisting numerous companies in setting up payroll systems and operating payment systems for organizations between 4 and 50 employees, is now offering its experience and knowledge to small and medium sized businesses through its payroll solution.
