

Government Contracting Made Easy

There's an easy button for that click here www.tcssgroup.com

McLean, VA ([BizHWY](#)) September 26, 2016 - As a small business today you should be aware of the opportunity to take on Government Contracts. The US Government first and foremost operates as a business spending billions of dollars per day on goods and services they need to run the country. Small businesses take up a large chunk of this spending under FAR or Federal Acquisition Regulations, in fact 23% of all spending goes to small business another 5 % to woman owned, 5 % to minority owned and 3 % to veteran owned. This is a mandatory spending set aside for Government Spending. Are you taking your piece of the pie? If the answer is you are a small business and navigating through all of the Government Paperwork and nuances has you feeling overwhelmed or confused well WE HAVE AN EASY BUTTON FOR THAT!

We are the Contracts Source & Submissions Group and we specialize in handling all of the legwork for businesses across america to take on and attain Government Contracts. While you are running your business we are doing what we do best!www.tcssgroup.com
