New York, NY ([BizHWY](http://www.bizhwy.com)) July 31, 2017 - US Research Chem Shop is a research chemical vendor based in USA. US Research Chem Shop offer for sale a large number of chemicals for student's, researchers and hobbyist and ship direct from the USA to AU, EU, UK and most of the rest regions of the world. Recognizing the difficulty of researchers to get supplies of fine chemicals direct from USA, we decided to create this website with the aim to provide the USA and rest of the world with fine chemicals of almost any kind.
