

Revolutions Marine Opens Full-Service Marine Repair Facility at Pelican's Perch Marina and Boatyard

Gulf Coast marine services company expands with a dedicated shop offering comprehensive boat repair, fiberglass restoration, marine electronics, and more to Florida Panhandle boaters.

Pensacola, FL ([BizHWY](#)) April 4, 2026 - Pensacola, FL -- April 4, 2026 -- Revolutions Marine, LLC, a trusted name in Gulf Coast marine services since 2012, has officially opened its new full-service marine repair facility inside Pelican's Perch Marina and Boatyard in Pensacola, Florida. The new location at 40 Audusson Ave on Bayou Chico gives the company a permanent, waterfront base with full haul-out capability to serve recreational and commercial vessel owners across the Florida Panhandle.

The expansion marks a major milestone for Revolutions Marine, which has grown from an independent captain and maintenance operation into one of the most comprehensive marine service providers in the Pensacola area. The Pelican's Perch location allows the company to offer its full range of services under one roof, including mechanical engine repair, fiberglass and structural restoration, marine electronics installation, boat and yacht detailing, hull cleaning, yacht management, captain services, and custom MarineMat decking installation.

"Opening our facility at Pelican's Perch Marina and Boatyard is something our entire team has been working toward, and we could not be more excited to be here," said Michael Reeves, founder and owner of Revolutions Marine and a USCG-licensed 100-ton Master Captain with over 20 years of marine industry experience.

"Pensacola is home to an incredible boating community, and having a dedicated shop with haul-out access and direct waterfront workspace means we can take on a wider range of projects and deliver even better results for our customers. We are proud to serve this community and committed to being the kind of shop that boaters can trust with their vessels."

The new facility is equipped to handle vessels ranging from small center consoles and bay boats to large sailing yachts and commercial craft. Revolutions Marine's team of experienced technicians services major engine brands including Yamaha, Mercury, Suzuki, Yanmar, Cummins, Volvo Penta, and Detroit Diesel, and is one of the only shops in the Pensacola area that performs cutlass bearing replacement. The company also installs and services electronics from leading manufacturers such as Garmin, Simrad, Raymarine, Furuno, and FLIR, as well as Starlink and Seakeeper systems.

In addition to its on-site capabilities at Pelican's Perch, Revolutions Marine continues to offer mobile boat repair services throughout Pensacola, Pensacola Beach, Gulf Breeze, Navarre, Destin, Fort Walton Beach, Perdido Key, and surrounding communities across Escambia, Santa Rosa, and Okaloosa Counties. The company also operates a second location in Orange Beach, Alabama.

Revolutions Marine is licensed, insured, and accredited by the Better Business Bureau. The company handles insurance claims and estimates and is open Monday through Saturday, with service available six days a week.
